

All, please see the updated map for Oakton High School above. We have specified the proper drop off and pick up zones.

VYS has been notified about cars dropping off and picking up players along Sutton Road. This is a huge safety and traffic concern and we must follow the aforementioned drop off and pick up guidelines set by Oakton High School.

Please encourage all players to use the provided crosswalk and sidewalks to prevent running across the road.

The club is fortunate to have use of Oakton's fields during renovation, and we risk losing access to these fields if we do not follow proper protocol.

Please help us spread the word of the following edits to ensure the safety of our players and respect the requests of the Oakton High School community.

Go Vienna!
